Monday July 26, 2021

Brothers and Sisters,

The company has extended the temporary layoff for 523 Trim and Chassis employees until August 13th. If we return to work on August 2nd, 2021, they will be used to train replacements on their jobs. If we don't return on the 2nd and it gets extended out further there will be an opportunity for some employees with more seniority to bump people with less seniority out and displace them for the training. This will reset insurance to a later date and save a few sub weeks so it's beneficial to follow our instructions on what to do.

If you are indefinitely laid off and want to bump someone with less seniority, you must go to the plant employment office and ask for a 61d form, fill it out and have the company give you a copy of it marked received.

Per section 61 of the National agreement the company can lay-off by department which is what they are following. Section 61d gives you the right to displace someone with less seniority if you want to by going to the employment office and filling out the 61d form within 1 week of your indefinite layoff. You have until Friday, July 30th to go and get this done. We suggest everyone does this just to make sure if they have someone working with less time than you that you'll have the right to bump them.

In Solidarity,
Local 1268 Leadership
