W-2

Several people have been receiving their W-2's today in the mail. They are also available to download on Employee Central. Keep in mind, if you received the signing bonus, sub or any other payment from the Corporation, you will need your W-2 for your taxes.

Conceal Carry Classes

In the past, these classes were offered at the Hall. It has been a while since we've had any. We've had a few members that have reached out to see if we can set this up again. If you are interested in taking this class, please let us know at the Hall (815-544-2111). We'll need to gauge the interest to see if we can get the instructor here. His pricing is \$85 if you don't have your CCL, it is \$35 if your current CCL is expiring. There aren't any dates set up yet, again, we're checking interest in this class first. There will be more information at a later date.

No updates on in labor market work at this time.

Let me know if you have any questions.
